

Certificate of Thorough Examination & NDT of Lifting Pad Eyes

This Certificate complies with the requirements of the Lifting Equipment Operations and Lifting Equipment Regulations

Client Name: Hilong Oil Services & Engineering, Rig No. / Location: HL-22 / HL Base, Job Number: ATS-01-25-4756

Date of Examination: 12-01-2025, Date of Report: 12-01-2025, Certificate No: ATS-01-25-4756-TE-002-1

Table with columns: Pad Eyes S/N, QTY, Description, SWL, Date of last Thorough examination. Includes details for fabricated pad eyes with dimensions and photos.

Reference Standard: LEEA DOC 048:2015

Inspection questions table: Is this the first examination after installation... Was the examination carried out... etc.

Identification of any part found to have a defect which is or could not become a danger to persons and a description of the defect: (If none State NONE) NONE

Is the above a defect which is of immediate danger to persons: YES NO

Is the above a defect which is not yet but could become a danger to persons (If YES state the date by when) N/A

Particulars of any repair, renewal or alteration required to remedy the defect identified above: NONE

IS THIS EQUIPMENT SAFE TO OPERATE? YES NO

Table with columns: Standard, Viewing Condition, Colored Media, Method. Includes details for ASTM E709, AC, Digital, FLUXO: WCP-4, FLUXO: Black magnetic ink-3.

NDT Results

Visual Inspection and MPI were carried out for the above-described Items and found free of surface cracks and the other relevant indications at the time of inspection

Identification of any part found to have a defect and a description of the defect: NONE

Particulars of any repair, renewal or alteration required to remedy the defect identified above: NONE

Inspector details table: Name of Inspector: Hasan Omran, Name of person authenticating this report: Majd Dayoub, Signature & Stamp, Latest date by which next thorough examination must be carried out: 11-07-2025

Certificate of Thorough Examination & NDT of Lifting Pad Eyes

This Certificate complies with the requirements of the Lifting Equipment Operations and Lifting Equipment Regulations

Table with client details: Client Name: Hilong Oil Services & Engineering, Rig No. / Location: HL-22 / HL Base, Job Number: ATS-01-25-4756

Table with examination details: Date of Examination: 12-01-2025, Date of Report: 12-01-2025, Certificate No: ATS-01-25-4756-TE-002-2

Main table with columns: Pad Eyes S/N, QTY, Description, SWL, Date of last Thorough examination. Includes pad eye dimensions and photos.

Reference Standard: LEEA DOC 048:2015

Table with inspection questions and answers regarding examination frequency and safety.

Identification of any part found to have a defect which is or could not become a danger to persons and a description of the defect: (If none State NONE) NONE

Is the above a defect which is of immediate danger to persons: YES NO

Is the above a defect which is not yet but could become a danger to persons (If YES state the date by when) N/A

Particulars of any repair, renewal or alteration required to remedy the defect identified above: NONE

IS THIS EQUIPMENT SAFE TO OPERATE? YES NO

Table with NDT Equipment Details including Standard, Viewing Condition, Colored Media, Method, and Due Date.

NDT Results

Visual Inspection and MPI were carried out for the above-described Items and found free of surface cracks and the other relevant indications at the time of inspection

Identification of any part found to have a defect and a description of the defect: NONE

Particulars of any repair, renewal or alteration required to remedy the defect identified above: NONE

Table with inspector details: Name of Inspector: Hasan Omran, Name of person authenticating this report: Majd Dayoub, Signature & Stamp, Latest date by which next thorough examination must be carried out: 11-07-2025

Certificate of Thorough Examination & NDT of Lifting Pad Eyes

This Certificate complies with the requirements of the Lifting Equipment Operations and Lifting Equipment Regulations

Client Name: Hilong Oil Services & Engineering, Rig No. / Location: HL-22 / HL Base, Job Number: ATS-01-25-4756

Date of Examination: 12-01-2025, Date of Report: 12-01-2025, Certificate No: ATS-01-25-4756-TE-002-3

Table with columns: Pad Eyes S/N, QTY, Description, SWL, Date of last Thorough examination. Includes details for fabricated pad eyes with dimensions and photos.

Reference Standard: LEEA DOC 048:2015

Inspection questions table with YES/NO columns and checkmarks.

Identification of any part found to have a defect which is or could not become a danger to persons and a description of the defect: (If none State NONE) NONE

Is the above a defect which is of immediate danger to persons: YES NO

Is the above a defect which is not yet but could become a danger to persons (If YES state the date by when) N/A

Particulars of any repair, renewal or alteration required to remedy the defect identified above: NONE

IS THIS EQUIPMENT SAFE TO OPERATE? YES NO

Table with columns: Standard, Viewing Condition, Colored Media, Method. Lists inspection standards like ASTM E709 and equipment like Yoke, Vernier Caliper.

NDT Results

Visual Inspection and MPI were carried out for the above-described Items and found free of surface cracks and the other relevant indications at the time of inspection

Identification of any part found to have a defect and a description of the defect: NONE

Particulars of any repair, renewal or alteration required to remedy the defect identified above: NONE

Inspector details table: Name of Inspector (Hasan Omran), Name of person authenticating this report (Majd Dayoub), Signature & Stamp, Latest date by which next thorough examination must be carried out: 11-07-2025
